

Collaboration & Conversation Partners

Monday 8 July 2019
09:30 – 16:30 (7 hours)
£180

City, University of London, Northampton Square, EC1V 0HB

To book a place please follow this [link](#).

This course will equip you with the **tools and training** to set up a volunteer supported conversation service to meet the needs of people, often hardest to reach, who have long-term communication disability and are isolated within their own homes.

The toolkit includes:

- ideas for how to recruit volunteers and volunteer trainers
- Training packages for both volunteers and trainers with aphasia
- guidelines for best practice
- advice sheets for volunteers out in the field
- tips to address risk management
- examples of referral procedures and letters
- ideas and questionnaires to help you evaluate the scheme

cityhealth

City Health is an **innovative social enterprise** that delivers short courses, study days and specialist training to practitioners working in the NHS, private and social care sectors.
